Prometheus Books, 2008. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: The world loves chocolate and chances are you do too. This enjoyable book will serve to deepen your love and also your understanding of chocolate. After reading this pleasurable and educational account by two leading dieticians, you will agree that chocolate is much more than simply a treat. You will discover it encompasses a culture, a cuisine, a treatment, and much more! Today, science has proved what was revealed to ancient civilizations so long ago: chocolate has healing powers. At the end of the 1990s, authors Aaron and Bearden were among the first to communicate to the media the news that dark chocolate may enhance health, helping to launch the first "heart healthy" chocolate brand for a...
