

Valerius Terminus; Of the Interpretation of Nature

By Francis Bacon

Bottom of the Hill Publishing, United States, 2012. Paperback. Book Condition: New. 465 x 290 mm. Language: English . Brand New Book ***** Print on Demand *****. The following fragments of a great work on the Interpretation of Nature were first published in Stephens s Letters and Remains. They consist partly of detached passages, and partly of an epitome of twelve chapters of the first book of the proposed work. The detached passages contain the first, sixth, and eighth chapters, and portions of the fourth, fifth, seventh, ninth, tenth, eleventh, and sixteenth. The epitome contains an account of the contents of all the chapters from the twelfth to the twenty-sixth inclusive, omitting the twentieth, twenty-third, and twenty-fourth. Thus the sixteenth chapter is mentioned both in the epitome and among the detached passages, and we are thus enabled to see that the two portions of the following tract belong to the same work, as it appears from both that the sixteenth chapter was to treat of the doctrine of idola. Sir Francis Bacon was one of the major political figures of his time, served in the court of Elizabeth I and ultimately became Lord Chancellor under James. A scholar, wit, lawyer...
