STATISTICAL MODELS IN EPIDEMIOLOGY

Oxford University Press. Paperback. Condition: New. 384 pages. Dimensions: 9.lin. x 6.lin. x 0.9in. This self-contained account of the statistical basis of epidemiology has been written specifically for those with a basic training in biology, therefore no previous knowledge is assumed and the mathematics is deliberately kept at a manageable level. The authors show how all statistical analysis of data is based on probability models, and once one understands the model, analysis follows easily. In showing how to use models in...
