Brand New Book ***** Print on Demand *****.Nursing as Caring A Model for Transforming Practice Brand New Copy Complete 135 Page Version Caring may be one of the most often used words in the English language. Indeed, the word is commonly used as much in talking about our everyday lives and relationships as it is in the marketplace. At the same time, nurses thinking about, doing, and describing nursing know that caring has unique and particular meaning to them. Caring is one of the first synonyms for nursing offered by nursing students and is surely the most frequent word used by the public in talking about nursing. Caring is an essential value in the personal and professional lives of nurses. The formal recognition of caring in nursing as an area of study and as a necessary guide for the various avenues of nursing practice, however, is relatively new. Anne Boykin and Savina Schoenhofer have received many requests from academic peers and students to articulate the nursing theory they have been working to develop. This book is a response to the call for a theory of nursing as caring. The progression of nursing theory development often has been led by nurse theorists who stepped into other disciplines for ways to think about and study nursing and for structures and concepts to describe nursing practice. The opportunity to use language and methods of familiar, relatively established bodies of knowledge that could be communicated and widely understood took shape as many nursing scholars received graduate education in disciplines outside of nursing. Conceptions and methods of knowledge development often came then from disciplines in the biological and social sciences and were brought into ways of thinking about and doing...
