FROM EARTH TO TERRA: STONE CITY (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The From Earth to Terra series begins some 200 years in our future. Earth is dying. Climate Change has taken its toll, wreaking havoc on our environment, the oceans, and our world. All life forms are facing extinction. The rains do not fall, the icecaps have melted. The global ocean levels have risen, over 60 feet, forcing a subtle but consistent migration inland. Famine, disease, and war are the norm. The Life Trust Guild, a clandestine organization with hinted ties to The Free Masons and The Illuminati, were entrusted with the saving of mankind and his knowledge for centuries. They have hatched a plan to make good on their commitment. They will steal two ships from NASA, load them with essential supplies, all the knowledge available to them, and 200 civilians each, and send them into the cosmos, to a new planet, Terra. The Guild has seized control of the spacecraft. The escape goes off successfully but the Guild has been betrayed, and there will be a pursuit. The ships Captains jointly opt to change course and begin looking for another planet, leapfrogging the ships across the cosmos, until they encounter some odd radiation which propels them through space and perhaps even time. When the captains come out of flight sleep, they cannot ascertain where or even when they are. They are safe from pursuit, but there is no going back, and no help will ever come. From Earth to Terra, A New Beginning , is just that, a new beginning. The colonists spend their days building their community behind the safety of a force field. They have hovercraft, laser weapons, solar panels, and computers, yet they are forced...
