Rather more than one mortal lifetime, as we average life in these later days, has elapsed since that June morning of 1837, when Victoria of England, then a fair young princess of eighteen, was roused from her tranquil sleep in the old palace at Kensington, and bidden to rise and meet the Primate, and his dignified associates the Lord Chamberlain and the royal physician, who were come on business of state to the Queen-words of startling import, for they meant that, while the royal maiden lay sleeping, the aged King, whose heiress she was, had passed into the deeper sleep of death.
