Forgotten Books, United States, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Dynamic Parallel Memories A second model of computation that we employ is the module-parallel-machine (mpm). It employs r processors and is similar to the erew pram with the following exception. The L cells of the shared memory are partitioned among m modules. Only one cell of each module can be accessed at any cycle of the mpm. In both models of computation the program for each processor is located in its local memory.
