

New Atheism: Taking a Stand for Science and Reason

By Victor J. Stenger

Prometheus Books. Paperback. Book Condition: new. BRAND NEW, New Atheism: Taking a Stand for Science and Reason, Victor J. Stenger, In recent years a number of best-selling books have forcefully argued that belief in God can no longer be defended on rational or empirical grounds, and that the scientific worldview has rendered obsolete the traditional beliefs held by Christianity, Judaism, and Islam. The authors of these books - Richard Dawkins, Daniel Dennett, Sam Harris, Christopher Hitchens, and Victor J Stenger - have come to be known as the "New Atheists". Predictably, their works have been controversial and attracted a good deal of critical reaction. In this book, Victor J Stenger reviews and expands upon the principles of New Atheism and answers many of its critics. He demonstrates in detail that naturalism - the view that all of reality is reducible to matter and nothing else - is sufficient to explain everything we observe in the universe, from the most distant galaxies to the inner workings of the brain that result in the phenomenon of mind. Stenger disputes the claim of many critics that the question of whether God exists is beyond the knowledge of science. On the contrary, he argues...
