

It Takes A Hero: The Grass Roots Battle Against Environmental Oppression (Paperback)

Filesize: 8.49 MB

Reviews

I actually began looking over this pdf. This can be for all those who statte there was not a worthy of reading through. I am easily can get a enjoyment of reading through a written publication.

(Rafael Feeney Jr.)

IT TAKES A HERO: THE GRASS ROOTS BATTLE AGAINST ENVIRONMENTAL OPPRESSION (PAPERBACK)

Merril Press, United States, 2010. Paperback. Condition: New. Reissue. Language: English . Brand New Book. Environmental oppression. It eats out America s vital substance, puts our economy in chains, violates the public liberty. It hurts people, real people. And they don t take it lying down. They fight back. This remarkable book documents the battle of ordinary people against the multi-billion-dollar environment movement and its offspring, the arrogant bureaucratic government ecoligarchy. In story after story of bravery in the face of overwhelming odds, author William Perry Pendley here spins a rich tapestry of everyday heroism on the part of Americans being crushed by fanatic environmentalists who threaten to destroy our freedoms, our homes, our lives. Nowhere can one find a clearer voice in the debate over the environment than in the personal profiles of It Takes A Hero. Here are the true stories of fifty-three people who risked everything to stand up for the truth: The true stewards of the Earth are those who feed, clothe and shelter all of us, and they are being systematically destroyed by a powerful movement blinded to our material needs. In addition to inspiring and uplifting stories of real people, It Takes A Hero also contains a directory of one thousand leading grassroots fighters against environmental oppression: The Hero Network. This book belongs in the homes and hearts of every concerned American.
