FAMILY DINNERS (PAPERBACK)

Createspace, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Family dinners have long been a tradition but the family meal has begun to fade away from the tables across the country. The location has been moved to the living room and chairs in front of the television, while the food has been replaced by frozen dinners and hastily microwaved food. It s time to reclaim that cherished piece of family history, with Family Dinners (My Favorite Recipes). You don t have to be the chef of the family in order to bring everyone together or create a delicious meal. With this recipe book, you ll be able to follow simple instructions in order to create a variety of mouth-watering and appetizing dishes for your entire family. From casseroles and skillet meals, to a wide variety of side dishes, there are many recipes to choose from, so you will have no problem pleasing anyone. I personally have put these recipes to good use in my own family. With them, I ve managed to gather my family together, and slowly realized just how important it is to share our day with our loved ones. It s something that everyone should experience, and this book will help you create those moments, by teaching you to put a delicious meal on the table.
