Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from *Advanced English Grammar Through Composition* The present book completes a course of English Grammar for schools according to the methods laid down in the *Elementary English Grammar Through Composition*, by the same author. The title explains the object in view. It is to treat Grammar, not as an end in itself, divorced from immediate utility, but as arising out of everyday forms of speech, and as giving practical help in their mastery and in the completeness of their study. In the *Elementary Book*, designed for pupils from 9 to 13 years old, the method of teaching through practice in oral composition was emphasised; in this *Advanced Course* chief stress is laid on completeness in the presentation of the subject. A preliminary Grammar Course, such as that in the *Elementary Book* of this series, is assumed to have been gone through already by those using the present book: and therefore the author has not hesitated, for the sake of brevity and completeness, to refer by anticipation to such well known points as the Plural when dealing with Abstract Nouns in Chapter II., or the Active Voice when dealing with the Tenses. Most of the Notes should be omitted in a first reading. A great step in advance towards efficiency in Grammar teaching has recently been taken by the laying down of a uniform grammatical terminology for all school languages by a Committee representing all the chief Associations interested in language teaching in schools.
