Reviews

Great electronic book and useful one. It can be written in straightforward terms rather than difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Amazon Publishing, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book. In this collection s richly imagined title story, our brutal and resourceful protagonist is determined to protect her family from a murderous, shark-ridden world--at any cost. Elsewhere, an old woman uncovers a sinister plot while looking after a friend s plants (Orchids), and a girl in the war-torn countryside befriends an unlikely creature (Keeper of the Glass). In Barnstormers, a futuristic flying circus tries to forestall bankruptcy with one last memorable show. At the heart of Sheila is the terrible choice a retired judge must make when faced with the destruction of his beloved robotic dog, and Yuri, in a Blue Dress follows one of the last survivors of an alien invasion as she seeks help. Extending from World War II to the far future, these fifteen stories offer a gorgeously observed perspective on our desire for connection and what it means to have compassion--for ourselves, for one another, for our past.and for whatever lies beyond.
