Adrift is the story of commander Jone Connit of the Final Earth Republic, and her crew. Strong-willed and even-tempered, Jone is charged with creating a self-sustaining base that would allow the meager population of a flooded and failing Earth to escape the solar system. She never thought they d be flung out of orbit to travel unknown light-years from home. With the help of her husband, scientist Bjorn Connit, a few hundred survivors, and unexpected alien allies, will they find a safe haven to rebuild . or are they doomed by dangers they can t begin to suspect?.
