

## Maras.

Filesize: 6.9 MB

### **Reviews**

*The most effective publication i at any time go through. This is certainly for all those who statte that there had not been a worthy of looking at. Its been printed in an extremely straightforward way which is merely soon after i finished reading this publication where basically changed me, change the way in my opinion.*

Duncker & Humblot GmbH Feb 2014, 2014. Taschenbuch. Condition: Neu. Neuware - The maras, once regarded as a regular street gang in Los Angeles, have increasingly gained the attention of the media and national authorities due to their rapid expansion across the United States, Mexico, and Central America. Eventually, Central American governments began considering the maras, at least in their political discourses, as a threat to national security and thus started implementing measures to specifically combat them. In Honduras, the government reformed the Penal Code and conducted raids. The Salvadoran authorities, on the other hand, passed a law against the maras that ultimately remained in effect for only a couple of months. In Guatemala, the authorities failed to pass a specific law on the maras, but they still carried out massive raids. This book provides an explanation to the origin of the maras and their territorial expansion. It analyzes the measures adopted against them in Honduras, Guatemala, and El Salvador, and compares the results obtained in each country. The particular set of events allows the author to study what happens when three countries with similar cultural backgrounds face the same problem in three different ways: How did the authorities enforce the measures in each country Did the measures have an impact on national crime rates How did the maras react to the measures The answers to these questions will provide guidance to policy makers and a reference to researchers. 245 pp. Englisch.
