They look at the schools standardized test scores and check out demographic statistics, but fail to investigate the strengths of these schools that have a vibrant mix of races and cultures. Eileen Gale Kugler offers a unique perspective on what every educator, parent, and community leader should know about reaping the rich harvest of our diverse schools. This book provides guidance on how we can all work together to dispel the myths and nurture the opportunities that these schools offer such as academic challenge and social advantages. Anecdotes from Kuglers personal experience are included as well as information from 80 interviews with key educators, parents, and students. This book stands alone as a resource that pulls all of this information together. Will be of interest to anyone who cares about education.
