

Descent of Man Revisited World History The Hidden Clue to Human Evolution

By John C. Landon

South Fork Books LLC. Paperback. Condition: New. 272 pages. Dimensions: 9.0in. x 6.0in. x 0.7in. Descent of Man Revisited deals with the questions of world history and human emergence, as it explores issues of evolutionary theory, biological self-organization, and the history of biological thought, from the period of Lamarck and the predecessors of Darwin. The relationship of evolution to history remains a source of confusion, and the text explores this problem, along with the issues of non-random emergence visible in the archaeological record. This invites a close look at the data of the so-called Axial Age. Included is a new perspective on the rise of modernity, and the debates over secularism. The text contains a set of outlines of world history, attempting to examine the idea of evolutionary chronicles as the early emergence of man passes through a transition from evolution to history. This idea requires considering the idea of the evolution of freedom. This creates a connection with issues of so-called Big History, and the classical philosophy of history. There are many additional topics discussed, from the evolution of ethics, and consciousness, to the riddle of evolutionary enlightenment, finally to the question of the first and last man, an idea...

Reviews

An exceptional ebook along with the typeface employed was intriguing to see. It really is simplistic but surprises within the fifty percent of the ebook. It is extremely difficult to leave it before concluding, once you begin to read the book.
