

A Manual Of Music

By R. Dunstan

Read Books, United Kingdom, 2008. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.A Manual of Music - R. DUNSTAN - THE issue of the Twentieth Edition of this book has called for numerous emendations and additions. Pupil teachers, for whom the Manual was originally written, are now practically extinct while the changes gradually introduced into our educational systems of teaching music and the greater attention paid to the higher developments of musical theory have also been carefully considered in the preparation of the present edition. The conversational style adopted in the theoretical part of the earlier editions no doubt helped to render the book popular among pupil teachers and those who had to prepare them for their yearly examinations in music. Present-day conditions do not call for such an extensive use of this method of explanation and although it has not been entirely discarded, it has been considerably condensed. A number of examination papers now obsolete have been deleted from the book, and much space has thereby been saved for the introduction of other important matters. As before, the Tonic Sol-fa and Staff Notations have been constantly employed together...
