And how much of himself? For Derek and Tyler, Dominance and submission have been part of their love right from the first hello. But now Derek wants his submissive to go as deep as he is physically and emotionally able to. During two days and two nights, there are no safety words and very few limits. This is their chance to demonstrate their love for one another through the most extreme scenes they ve ever played. There is, however, one rule to trump all others for Tyler-to protect Sir s most loved possession, even if it means disobedience or going against his own need to submit to his Master without question or complaint. This weekend will open up levels of their relationship they ve never dreamed of before.
