RETHINKING ASSESSMENT IN HIGHER EDUCATION: LEARNING FOR THE LONGER TERM

Routledge, UK, 2007. Hardcover. Condition: New. First Edition. 224 Pages. Assessment is a value-laden activity surrounded by debates about academic standards, preparing students for employment, measuring quality and providing incentives. There is substantial evidence that assessment, rather than teaching, has the major influence on students' learning. It directs attention to what is important and acts as an incentive for study. This book revisits assessment in higher education, examining it from the point of view of what assessment does and can...

Reviews

This publication will never be effortless to get started on reading through but very fun to read. It is actually loaded with knowledge and wisdom. You will not truly feel monotony at anytime of the time (that's what catalogues are for about in the event you check with me).
-- **Marlin Bergstrom**

The very best book I actually study. It is actually written in easy terms and never hard to understand. Your daily life period will probably be enhanced when you total looking over this publication.
-- **Edna Rolfson**

It is great and fantastic. I have gone through and I am sure that I will likely study again once again later on. I am just easily could possibly get a enjoyment of looking at a published book.
