

The Teeth of the Lion: The Story of the Beloved and Despised Dandelion (Paperback)

Filesize: 3.31 MB

Reviews

Very good e-book and valuable one. It can be written in basic words and phrases and not confusing. You will not really feel monotony at whenever you want of your own time (that's what catalogues are for concerning should you check with me).
(Mr. Antwon Frami)

THE TEETH OF THE LION: THE STORY OF THE BELOVED AND DESPISED DANDELION (PAPERBACK)

McDonald Woodward Publishing Company, US, United States, 2006. Paperback. Condition: New. Joan Jobson (illustrator). New. Language: English . Brand New Book. This work tells the story of the common dandelion, that remarkably widespread plant that is known, for better or worse, by just about everybody. Through a series of short essays, written in accessible language and a thoroughly engaging style, Anita Sanchez takes the reader on a journey through the natural history of the dandelion and its long association with humans. Joan Jobson s illustrations add important details and subtle accents that enhance this journey. Well-adapted ecologically to spread into and thrive within disturbed sites - such as the lawns, playgrounds, roadsides, and parking lots in which they are most often encountered today, and viewed as weeds - dandelions also have had a lengthy, welcomed association with humans as medicine, food, and objects of ritual, magic, and folklore. The Teeth of the Lion will be a source of enjoyable, fascinating, memorable information of interest to all users. It will provide naturalists, wildflower enthusiasts, gardeners, interpreters, teachers, landscapers, and homeowners a better understanding of one of the most common, well-known, and perhaps under-appreciated plants to be found anywhere.
