Griffin Publishing, United States, 2009. Paperback. Book Condition: New. Reprint. 229 x 155 mm. Language: English . Brand New Book ***** Print on Demand *****.While free enterprise is good, the worship of free trade is de-industrializing America, killing the middle class, and imperiling U.S. economic independence. While America must stand for freedom, liberty and self-determination, the use of U.S. troops to police the planet or serve as advance guard is imperial folly that will bring down the republic. While America should speak out for human rights, the idea that we get in Russia's face and hand out moral report cards to every nation on earth is moral arrogance. While we have benefited from immigration, the idea we can import limitless numbers of aliens and remain anything like a real country is absurd. To save America the first imperative is to remove from power the ideologues of both parties who have nearly killed the country.
