Reviews

It is one of the most popular ebooks. I have studied it and I am certain that I am going to likely read it again and again in the future. I am happy to inform you that this is actually the greatest ebook I actually have studied in my very own life and might be the best ebook for possibly.

HIVE MANAGEMENT A SEASONAL GUIDE FOR BEEKEEPERS STOREYS DOWN-TO-EARTH GUIDES

Storey Publishing, LLC. Paperback. Book Condition: New. Paperback. 160 pages. Dimensions: 8.9in. x 6.0in. x 0.5in. The beekeepers year begins with a late winter hive inspection and ends with putting the bees to bed in the autumn. Richard Bonney believes that each beekeeping activity should be performed with an eye toward the overall well-being of the colony, as part of an integrated year-round program of hive management. Long-term success in beekeeping can only be achieved by understanding the intimate lives, behaviors, and motivations of honey bees -- the factors which govern the life of each colony. Richard Bonney explains the reasons behind common practices that many beekeepers perform without really knowing why. He also stresses when to take timely actions that will prevent problems in future seasons. Hive Management offers concise, up-to-date information on the whole range of beekeeping tasks, including: -- How to prevent, control, and capture swarms. -- What you can tell from an outside inspection of your hives. -- When and how to take the crop and harvest honey. -- How to successfully requeen -- from handling and marking queens to methods of introducing one into a hive. -- The problem signs to look for when you open up a hive. For the practicing beekeeper who needs more information, or for the serious novice who wants to start out right, Hive Management offers sensible advice to help keep your honey bees thriving. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
