Ebola: An Evolving Story

By James Lyons-Weiler

World Scientific Publishing Co Pte Ltd. Paperback. Condition: new. BRAND NEW, Ebola: An Evolving Story, James Lyons-Weiler, The book is a narrative of the unfolding of the Ebola virus disease outbreak from a scientific view point. The author provides an analysis of the scientific basis of public health policies that have influenced the public's, and the medical community's, abilities to understand the virus and the disease. This is done in the context of providing insights into the biology of the virus, and exploring open questions, including its likely modes of transmission. The author has included citations from the scientific literature and the press, as well as quotes from expert interviews. The book will help sort out the fact from fiction, given the confusion that arose after the virus arrived in the US. The author used his objective research skills and knowledge of evolutionary genetics and molecular biology to find out what was known, and what questions remained unanswered, and even what questions remained unasked. Written in an accessible style, it is intended for the educated general public, scientists, policy makers, health care workers, and politicians. It delves into the problems of trying to derive a logic-based understanding of a highly...
