Tired of dog training methods that just don't work? Clicker training is one of the most effective ways of teaching a pet to behave well, whether inside and outside of the home. If you don't want to pay for costly obedience school lessons, you can take it upon yourself to train your pet during your free time. Clicker training falls under the rubric of operant conditioning. It is not a form of classical conditioning; instead, this form of animal training focuses on getting the animal to behave in a certain way by encouraging the target behavior. Clicker training works extremely well because its foundation is in positive reinforcement. Positive reinforcement helps an animal to figure out which actions provide the highest return (the reward), and which actions do not. *Ending Your Pets Bad Behavior In Just 7 Days*. . . Just imagine being able to clicker train your pet in just 7 days (or less) without becoming frustrated or wasting your time. Yes you could have a perfectly trained pet. It truly is possible. You just need to know how. That's what *The Wonder of Clicker Training* can help you do.
