Forgotten Books, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Standard Classification of Construction and Operating Accounts for Electric Light and Power Companies: As Adopted by the National Electric Light Association, in the Years 1908 and 1909 The Accounting Committee has not attempted in the following pages to generally explain the fundamental principles of bookkeeping, but it recognizes the desire on the part of a few to become familiar with matters pertaining to correct accounting. There are others who regard accounting as something more or less mysterious, therefore, a thing which must be handled with care, or avoided entirely. The question before us is strictly a money saving device, and the keeping of accounts (books) is merely incidental.
