

Alchemy: the Great Work: A Brief History of Western Hermeticism

Filesize: 2.39 MB

Reviews

Very good e-book and valuable one. It can be written in basic words and phrases and not confusing. You will not really feel monotony at whenever you want of your own time (that's what catalogues are for concerning should you check with me).
(Mr. Antwon Frami)

Hodder & Stoughton General Division. Paperback. Book Condition: new. BRAND NEW, Alchemy: the Great Work: A Brief History of Western Hermeticism, Cherry Gilchrist, 'Packed with strange stories and shiny nuggets of information, Alchemy: the Great Work is erudite but reads very clearly. But what I admire about it most is how enlightening and enlivening it is.' - Jonathan Black Alchemy is the art of transformation. At its simplest, the alchemist turns base metals into gold. However this is only one dimension of alchemy - at a more sophisticated level the alchemist's 'base metal' is symbolic of himself that needs to be worked upon and the 'gold' produced is the alchemist himself in his or her quest to perfect his own nature. In short, true alchemy is a discipline involving physical, physiological and spiritual work aimed at producing wholeness and enlightenment. From the origins of alchemy, both reputed and documented, Cherry Gilchrist's lively and sympathetic narrative takes the reader from the alchemical interests of the ancient Egyptians to the flowering of alchemy in the seventeenth century. She also elucidates the complexities of alchemical symbolism and examines the ways in which alchemy has developed in the twentieth century. With an introduction by Jonathan Black.
