

## Bronx-Whitestone Bridge (Classic Reprint) (Hardback)

By Unknown Author

Forgotten Books, 2017. Hardback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Bronx-Whitestone Bridge Floor steel erection was started at each tower, progressing first toward the center of the main span and then from the towers toward the anchorages. Care being necessary at all times to maintain a balance in the loads tending to pull over the tower tops. Floor steel travelers moved out over the panel previously erected to hoist the members for the succeeding panel from barges in the river below. The stiffening girders were put in position at the center of the main February 14, 1930 comprising the I-beam slab reinforcing material assembled and concrete of the slab was placed. The latter covering the steel to a depth of three-fourths in. To provide a uniform wearing surface. Roadway expansion joints are located at each tower. The steelwork. Exclusive of reinforcing steel in the bridge and approaches. Totals tons. Including tons of carbon steel. Tons of silicon steel in the main span stiffening girders. 400 tons of cast steel and tons of steel wire. The I-beam reinforcing steel for the roadway slab of the suspended structure totals tons. Tolls...

### Reviews

*I just started off reading this article pdf. It is probably the most remarkable ebook we have go through. It is extremely difficult to leave it before concluding, once you begin to read the book.*
