Cannabis Pharmacy

By Andrew Weil

Hachette Australia, 2014. Paperback. Condition: New. 1. Evidence-based information on using **** for ailments and conditions, plus a comprehensive guide to the most popular varieties. The most comprehensive, easy-to-use book available on understanding and using medical ****. There are currently 4.2 million medical **** patients in the United States, and there are 20 states plus the District of Columbia where medical **** is legal. As medical **** becomes an accepted herbal medicine, there is a demand for clear, easy-to-follow information for the layperson based on the latest sound medical and evidence-based research. Written by Michael Backes, a respected expert in the field, Cannabis Pharmacy begins with the history of medical **** and an explanation of how **** works with the body's own endocannabinoid system. Backes goes on to explore in detail 27 of the most popular **** varieties, how to identify them, the differences between them, and the medical conditions for which patients have reported effectiveness. Additional chapters describe how to prepare and store ****, how best to administer those preparations, and how to modify and control dosage. Also included is a guide to 29 ailments and illnesses for which doctors commonly recommend medical ****, including chronic pain, chemotherapy-induced nausea, multiple...

Reviews

The publication is great and fantastic. It can be filled with knowledge and wisdom. You won't truly feel monotony at any moment of your time (that's what catalogues are for about if you ask me).

-- **Dr. Marcos Grimes III**

The very best publication I have ever read through. I actually have to go through it and I am confident that I am going to plan to read through it once more down the road. I found out this ebook from my mom and dad advised this publication to learn.
