## The ABC s with Animals and Professor Hogan (Paperback)

By Prof Hogan

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. This book was designed by Mike Rothmiller the inventor of Imagination Zoo Early Childhood Development Plush Toys with a primary objective of enhancing a child s cognitive abilities while learning the ABCs visually and with spoken words. Unlike other ABC books, this book is designed to focus the child s attention by eliminating irrelevant imaging stimulation from all pages thereby reducing cognitive clutter. In young children, it is nearly impossible for them to separate and ignore task-irrelevant input from the environment or the unnecessary visual stimulus on a page. Too much information causes cognitive clutter which suppresses learning. The first five years of life are a time of enormous social, emotional, physical and cognitive growth. The early years provide a window of opportunity to establish a sturdy or fragile stage for what follows. By age three, a child s brain has reached approximately 90 of its full potential. By age 2, synapses in a child s brain are twice those in adults. Experiences of childhood determine which neurons are used in the brain s wiring. Neurons that are not...
