TAKING THE ORIENTATION SCORE FRAMEWORK ONE STEP FURTHER

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | From theory to applications in biomedical engineering. Written in Mathematica 6.0. | In recent years the orientation score framework was developed at the BioMedical Image Analysis (BMIA) research group at Eindhoven University of Technology. This framework facilitates the processing of images with crossing lines. Basis of this framework is the transformation of an image to a space with higher dimensionality. In this space the added dimensions represent the local orientation. This results..
