MY FIRST MACBOOK / MACBOOK AIR: A BEGINNERS GUIDE TO UNPLUGGING YOU WINDOWS PC AND BECOMING A MAC USER

Createspace, United States, 2012. Paperback. Book Condition: New. 200 x 126 mm. Language: English . Brand New Book ***** Print on Demand *****.You bought a Mac! Let me be the first to tell you, your day is about to get much, MUCH easier. But before we get there, there s a bit of light house keeping. Yeah, yeah, yeah - that s all fine and good, but when do you get to play with your new machine? Mac s are great - they are powerful, streamlined and easy as heck to use - but your files? They re still on a PC and like it or not, you just spent 20+ years using Windows, so there are some adjustments to make. Before you can show off your slick new Macbook Air or brag about how much faster your machine boots up or how you can find a file in, like, three seconds, you need to make the transition. That s what we re about to do. The accessories. The Apps. The file transfer. In the pages that follow, you ll learn all the stuff that matters, none of the stuff that doesn t and be ready to flash that shiny new Apple logo at your local coffee shop with pride.
