Brand New Book ***** Print on Demand *****.Excerpt from The United States and Pangermania For twenty-two years before the frightful struggle let loose upon the world by Prussianized Germany, I spent all my time and all that I could command of resources and intelligence in studying the Pangerman conspiracy by means of systematic investigations which took me into one hundred and seventy-seven cities of Europe, America, and Asia. It was my hope that by exposing the German plans I might give a timely enough warning of the approaching danger to make it possible that fitting action could avert war. I did not succeed in gaining a hearing from those whom it was necessary to convince in Europe; but the long continuance and persistence of my efforts, evidenced by the works I published before 1914, prove conclusively that I am a man of peace, for I have done everything in my power to prevent war. Continuing my task in the same spirit, it is my wish at least to contribute toward the ending of this appalling conflict on such conditions that it can never be renewed.
