Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This book is formulated to help you bridge the gap between being a student and becoming a teacher. There are certain things you need to know. There are things you need to know before you start teaching other people. To begin with bodies can be damaged by wrongful teaching. You need to not only know the steps and movements but how to articulate them. Then there are other things about teaching that you might never have thought about. Things like how to break the steps down. Asking your self why someone did not get the step the way you wanted it? All these and more you need to know before you take money from someone. Later is too late. In this book we begin to answer all of these things so - you will know what you are doing. If you do run across something not covered then you can contact us to get the answer. We are here to help you. That is what education is all about. Getting the answers. Be an educated teacher so Middle Eastern Dance (belly Dance - if you will) can get the respect it deserves and not be considered the Ugly Step-sister. We want you to be GREAT at what you do. Why be good when you can be great.
