Brand New Book ***** Print on Demand *****.#1 Amazon Best Seller: The Ultimate Guide To Agile Project Management and Scrum The Ultimate companion for professionals interested or involved in Agile Scrum, this book will give you a holistic, well balanced introduction to both subjects while discussing their integration and synergy! Agile Project Management QuickStart Guide. Agile Project Management is shifting the world of Project Management at its core for good reasons. With an approach to projects that is quite different from the traditional waterfall methodology, Agile Project Management focuses on added value fast while staying on track to achieve a defined business goal. Completing projects in small chunks, piece by piece, allows project stakeholders to implement deliverables much faster than waiting for all phases of the project to be completed as well as allowing for modifications to project items based on changing needs. Often overlooked as a project management style that is only for IT related projects, Agile methodology can be be utilized to complete projects across any industry including company reorganization, improving upon or redefining business processes and simply any project that has short production and implementation times. In this book, I will teach you everything you need to know about Agile project management so that you can comfortably and confidently deploy the techniques and strategies in your projects. I ll take you step-by-step through the phases of an Agile project, how to to schedule iterations during your project and how to win over project stakeholders with this progressive methodology. Scrum QuickStart Guide. Differing greatly from the traditional waterfall or relay approach to project management methodology, Scrum emphasizes the importance of a cross-functional team that pushes forward together to a collective...
