She goes to second grade and has lots of fun hanging out with her three best friends. But there's a big problem. It's her last name. It's really long, hard to say and just plain weird! Well, at least that's what Leela thinks - until she encounters a few amazing people, has a few interesting adventures and obtains some mysterious objects that reveal the history and meaning behind names. Now Leela is curious about her own. Will she ever come to like her last name? And, more importantly, will she learn its true meaning in time for the school's annual talent show? I enjoyed *The Name Soup* very much, it's a great story on all sorts of levels. It will make children feel good about their uniqueness and inspire them to stand up for themselves. I'm sure it will provoke its readers to be curious about the roots of their own names. The illustrations . . . compliment the text perfectly and the book is beautifully designed. --Amanda Hall, Award Winning Illustrator of *The Fantastic Jungles of Henri Rousseau* MORE ABOUT THE BOOK Have you ever come across a long or difficult-to-pronounce name?
