Go Off Grid And Go Green With Micro Hydro System: (FREE Bonus Included) How A Micro Hydro System Can Provide Your Off-Grid Home With Electricity When we think of renewable energy, most of us think solar or wind, but another choice does exist, hydroelectric. Using water for power goes back to water wheels and culminates in huge hydroelectric dams. There is middle ground too; small hydroelectric systems can power a home as efficiently as solar power. Stop paying enormous electric bills and never worry about the power going out again! It is possible to go off grid and rely on hydroelectricity for power and this book will show you how. All you need is a stream, creek, or river on your property and you will never have to pay an electric bill again! You may even end up getting money from the electric company for the electricity you produce! In some cases, you can go completely off...
