During his lifetime study the author followed the evidence wherever it took him; sitting with many mediums he gained their confidence and meticulously recorded what he discovered. The result is a comprehensive account of our most important questions; Why are we here? Do we have a karmic footprint? What happens after we physically die? As a result of his studies Beard was enthusiastic about his impending death. In 1986, three years before his passing he wrote: Whatever is learned on earth, or we think has been learned, the path still winds forward, the quest goes on. The horizons extend, not diminish.
