

Developing Your Faith: God's Word on Exercising Your Faith (Paperback)

By Jennifer Y. Dennis

Trafford Publishing, Canada, 2006. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.God inspired me to write this book because many people are walking around professing to be Christians but living a defeated life; Christians with no power - unable to help others going through various trials in their life because they have not matured in the Word. In this book, it is my desire to help build the Body of Christ through teaching the fundamentals of salvation and allow you to see it requires action on your part. It is our faith that causes the hand of God to move in our lives. I have used the New King James Version, as well as, the New Living Version interchangeably to help people of all ages and intellect to understand what God requires and how maturity in His word is important. May this book bless your life as God has blessed me throughout the years.
