Reviews

I just started off reading this article pdf. It is probably the most remarkable ebook we have go through. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Jeanette Kreiger)

FROM THE BUNDESANSTALT TO THE BUNDESAGENTUR FUR ARBEIT

GRIN Verlag. Paperback. Condition: New. 24 pages. Dimensions: 8.3in. x 5.8in. x 0.1in. Seminar paper from the year 2011 in the subject Politics - Political Systems - Germany, grade: 1, 3, University of Bremen (Zentrum fr Sozialpolitik), course: Public Administration and Social Management, language: English, abstract: Bureaucracy . . . is slow, inept, and wasteful. Striking the prescriptive literature is the degree that this stereotype is simply accepted without any empirical evidence . . . (MeierHill 2005: 52). This citation represents - although heavily questioned in the Oxford Handbook of Public Management - a widespread opinion that the classical bureaucracy model is not able to meet modern administration challenges effectively. This is the reason, why the New Public Management (NPM) was welcomed as a new concept for modern administration. But at the beginning, the New Public Management (NPM) approach was looked at very skeptically and critically in Germany. The introduction of management and business administration elements, developed in the Anglo-Saxon countries, as new concept to improve efficiency in the public administration was considered unnecessary at best due to the fact that the German public administration was certified to have a relatively high performance in comparison to other western countries. Maybe because of this the German interpretation of the NPM approach was introduced very late, later than in most other western European countries. The result of this German NPM version is the Neues Steuerungsmodell (NSM) (Jann 2005: 76). The NSM is the German interpretation of the NPM approach with significant similarities but some differences. Whereas the NPM is often connected with liberalization tendencies in the Anglo-American region with the aim of smaller administrations (MeierHill 2005: 55), the NSM was introduced in communal, regional and federal administrations to improve effectiveness and efficiency but not necessarily with reducing the size of an administration department....
