Dimensions: 9.0in. x 6.0in. x 0.1in.Excerpt from St. Illtyds Church, Pembrey: Its History and Its ArchitectureThe subject of this paper is of a very interesting character, and it is the more so on account of so few public references having been made to it and so little written upon it in the past. Indeed, it appears to have altogether escaped the attention of the Cambrian Archaeological Society and other learned societies who have dealt so largely and so ably upon subjects of a kindred nature. At all events, we have not been able to discover that the history of Pembrey Church has ever been written and published, and the present address is only an attempt to deal with its history and its architecture so far as time and historical resources at command have been available. No doubt many shortcomings will be found in it, but there is one element of encouragement in the undertaking, that how ever imperfect the treatment of this subject may be, the attempt we make may possibly form the ground-work of more exhaustive research by other and abler writers, who may wish to enter upon further investigation on the subject.
