

Everything Dies

By Box Brown

Microcosm Publishing, United States, 2011. Pamphlet. Condition: New. Language: English . Brand New Book. One of the best and most promising new comic artists out there today, Box Brown writes and draws the Everything Dies zine series as a hard (and oft-times hilarious) look into the religious myths of our world. Issue seven is a comic retelling of the pan-cultural flood myth. Here we see Sumerian wind god Enlil (a total badass jerk a la an evil pro-wrestler) setting out to destroy the newly-created people of the Earth. The Noah of this polytheistic ark story is King Ziasudra, and his trajectory and fate are much different than the Christian Biblical version. Beautifully drawn and deep-packed with the things that make you go hmm, Everything Dies will keep you reassessing who we are and what we've built our shared narrative from. This is one of the most rewarding titles you'll read all year. Massively, joyfully, fist-pumpingly recommended!.
