Boydell Brewer Ltd, United Kingdom, 1997. Hardback. Condition: New. Language: English . Brand New Book. Alfred and the great achievements of his reign are once more at the centre of scholarly discussion, and the studies in this collection make a significant contribution to the continuing debate. Focusing particularly on the writings of Alfred s age, the contributions, by leading scholars in the field, examine Alfred s life, work and influence: there are accounts of law and morality; examinations of translations and their sources; and investigations of words and events, throwing new light on all major aspects of Alfred s reign. As a whole, the volume is an appropriate tribute to Janet Bately, whose writings on the age of Alfred are known and admired by both historians and literary scholars throughout the world.
