THE WEEP (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Computer languages and spoken languages evolved, coalescing into the One-Language, allowing humans and computers to communicate effortlessly. The movement was coined the "wee" movement and became very popular. Unfortunately some human ideas did not fit into this new language: Theology, Poetry, Philosophy, Epistemology, Metaphysics, and Art, so they were diminished over time, then forgotten. This would have dire consequences for humanity.
