

## Mammoths and Mastodons: Titans of the Ice Age

By Cheryl Bardoe

ABRAMS. Hardcover. Book Condition: New. Hardcover. 40 pages. Dimensions: 10.3in. x 10.1in. x 0.8in. Mammoths and mastodons roamed the earth for more than a million years, and then suddenly went extinct. What was everyday life like for these colossal cousins of the modern elephant? What did they eat? How did they fit into their Ice Age landscape? Why did they disappear? These questions and more are answered in this fascinating book that presents the latest research, drawing on the recent discovery of a fully frozen baby mammoth which has allowed scientists to learn more than they ever could have known just from studying bones and fossils. Profusely illustrated, Mammoths and Mastodons features photographs of archaeological digs, scientists at work in the field and in labs, and archival relics. Specially commissioned artwork also brings the story of mammoths and mastodons to life. The book includes a bibliography, a glossary, and an index. Exhibition schedule: Publication will coincide with the Field Museum exhibit Mammoths and Mastodons, which runs from March 5 through September 6 in Chicago and is then projected to tour up to 10 venues through 2014. March 5: September 6, 2010: The Field Museum, Chicago; October 16, 2010: January 9, 2011: City TBA; November 25, 2011: April 15,...

### Reviews

*I actually started out looking at this publication. it was actually writtern really perfectly and useful. Its been written in an extremely simple way and it is only soon after i finished reading through this pdf by which really modified me, change the way i really believe.*

-- Breanna Kerluke

*The most effective pdf i ever go through. It is probably the most incredible book i have got study. You wont sense monotony at at any time of the time (that's what catalogues are for relating to if you check with me).*

-- Ahmad Heaney
