CONTRIBUTIONS TO PRACTICAL GYNECOLOGY: ILLUSTRATED WITH SIXTEEN WOOD ENGRAVINGS (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Contributions to Practical Gynecology: Illustrated With Sixteen Wood Engravings The following pages embody the substance of two essays written for and submitted to the New York medico-chirurgical Society in April and May of 1882. I began these articles With no intention of presenting them in book form, and have only been encouraged to do so by the favorable criticism as well as the frequent requests of my professional brethren. Although they have exceeded the limits originally intended, much has necessarily been left unsaid, and I Wish to express my consciousness of the manifest incompleteness of these papers. My chief desire has been to deal in as concise a manner as possible With fundamental practicalities only, and I have therefore avoided all obscure and elabo rate Speculation. These pages have done scarcely more than to trace an outline of. The views enter tained upon the subjects to Which they refer. Many thoughts have ?ocked to my brain, only to be de nied representation in words. I can only hope that the suggestive configuration Which I have aimed to produce may awaken in other minds analogous thoughts. If these tracings can in any way be used as stepping-stones to a better comprehension of this most important study, my object Will have been attained.
