Don't Start the Revolution Without Me: A Review of the Army Transformation (Paperback)

By U S Army War College

Createspace Independent Publishing Platform, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This study examines the course of the Army Transformation Strategy as it relates to changes in the global security environment and to Department of Defense (DOD) transformation strategy and policy. Since the 1980 s, there has been much written on the Revolution in Military Affairs (RMA) and the nature of change related to the conduct of war. In large part, recent changes in warfare or RMA have been attributed to various technological developments. The security environment has changed dramatically since the collapse of the Soviet Union. Using a model borrowed from political science for examining social revolution, the transformation efforts of the Army over the past decade are explored. Changes in the political, social, economic and cultural environments have an impact on security matters. This study reviews the nature of the changes to these factors and their respective impact on the nature of war and the military transformation. Using this discussion of the changes to the global environment to set the context for the discussion, Army modernization and transformation programs are reviewed and evaluated against these changing conditions. Change and...

Reviews

If you need to adding benefit, a must buy book. It usually does not charge excessive. I realized this ebook from my dad and i suggested this publication to learn.

-- **Alec Veum**

This published book is wonderful. It is really simplified but unexpected situations within the fifty percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.
