Forgotten Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from One Big Union for Australia The world's toiling masses are stirring; the age-long mental sleep of Labor is breaking, and thoughts almost sweet and visionary whisper the hope of a new industrial world to countless millions. In the factory and the field are work-weary men and women; in the trenches, high in the air, deep in the gloomy mine men are murmuring this new-born thought of Industrial Freedom. Political freedom has failed to satisfy; the right to vote has been weighed and found wanting. Parliaments and Governments come and go, but the deadly struggle for meals never relaxes, a struggle so frequently fought by the wage-earner - and lost. In the social crucible old ideas are vanishing. In the mad massacre for markets we see beliefs, customs and once-honored institutions being rapidly swept into a well-merited oblivion, and new conditions, bearing with them new ideas, are moving the laboring multitude. More light, more leisure, more laughter, more room for the soul to expand, a longing for the bigger, finer, deeper; more wholesome and sociable things, more life; but underlying and interwoven and transcending all, burns the fierce desire for a sense of security and freedom in work and life.
