 Publisher: Dragon Book Pub. Date :2008-10. This series has the following characteristics: First, the concept of writing: scientific, advanced in accordance with fundamentals, special promotion, exam review sprint scientific laws, sub-three to write, and increased volume loose-leaf test, in order to facilitate student self-testing. The new curriculum standards to new ideas as a guide, develop three-dimensional objectives, focus on research, test and explore other ideas, highlights the people-oriented, student-centered principle, the idea of using quality materials to enable students to obtain a new development. Second, the writing style: innovative, practical book on the market in recent years has absorbed the advantages of excellent supplementary books, and on this basis, especially under the first-line review of senior teachers in the examination of research results, combined with recent years, the trend in the examination and thesis law, develop a more systematic and rational review mode, and thus develop a style of writing in this series. Each subject in accordance with the characteristics of each subject individually tailored style, both to allow the...
