THE GREAT PROPERTY PONZI SCAM: UNLOCK THE TRUTH, EDUCATE YOURSELF, AND PROTECT YOUR INVESTMENTS (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.According to Richard Houston, you can be one of the educated few who turns an impending disaster to your own financial advantage-but only if you wake up and smell some very fishy facts. Without a basic understanding of the world's money markets and the little-known machinations of how they work, you're likely to fall victim to a long-running scam in which financial services industries and governments use your money to further their own wealth (and debt)-and keep you locked into beliefs and schemes that not only don't serve your best interests, but are ticking financial time bombs. At the heart of this teetering house of cards, argues former mortgage-broker Houston, is the real estate property market-not the safe reliable arena investors have come to trust, but rather a Ponzi scheme built on quicksand. While this may sound preposterous at first, Houston backs up his points with vital explanations and background information that are actually common knowledge-if you just dig a little into the facts. Having left the industry with contempt, Houston's skepticism is based on hard experience. From a fascinating history of money to a scathing expose of the realities regarding the American Federal Reserve, from the real estate boom of the 70s to the fragile bubbles of the 21st century, Houston takes us on a jaw-dropping journey whose logic does point to only one outcome: a game of financial musical chairs that's been played under your nose for decades. And you'll be left standing when the music stops. Where will you be when it hits, how can you position yourself to capitalize on it rather than be crushed by it, and why did you...
