

C Interviews QA (Paperback)

By Sandeep Thorat

Arizona Business Alliance, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.C language is one of the most fundamental programming techniques and has a huge importance in software and electronic industries. Almost all software companies conduct Technical Aptitude Tests based on C language in their recruitment process. C Language questions are frequently asked in technical Interviews as well. The proficiency in C Language is also important to crack the GATE Computer Science examination. C language is part of the syllabus of various engineering disciplines, BCA, MCA and MSc(Computer Science) curriculums. Due to academic curriculum students become familiar with C, but very few of them have command over C language. The questions asked in the recruitment process are tricky and it tests the in-depth knowledge of C syntax, logical, analytical and debugging abilities of the students. By keeping these things in our mind, we are proposing a book which covers almost all different types of objective questions asked on C Language. We have also given an explanation to each answer; this is useful to students in making them understand the answer and concept completely. All questions discussed in the book are tested in MD-DOS Turbo...
